The index which follows was made for the three series of Egle's Notes and Queries which are in the Michigan State Library as indicated on the title page. The library also owns Volume 3, Third Series, but for some reason this volume was not indexed.

This index has been on cards in the Michigan Section for many years, with no information as to its compiler. It has been retyped in this form so that it may be bound and shelved with Notes and Queries. A second copy is at the Michigan Reference desk.
